

CONCEALED

SPEAKERS

Setup Guide:

1.Power Up: Connect the power cable to the product and plug it into an outlet. It will announce "power on" when connected.

2.Pairing: Enable Bluetooth on your mobile device or smart TV and scan for available devices. Select "SPEAKER" from the list.

3.Connection Confirmed: A voice prompt will say "connected" to confirm a successful pairing.

4.Enjoy! You can now play any music or video on your device. Adjust the volume directly on your device as needed.

Troubleshooting:

- Turn off the headphone safety function on your device to achieve maximum volume.
- Connect to multiple SPEAKERS by pairing to one, and the nearby SPEAKERS will sync.
- Use a Bluetooth receiver for non-smart TVs.
